

Rectangle Strings

Quilt Size is 51 x 69

Block size is 6 x 9 inches (6.5 x 9.5 inches with seam allowances)

Setting is 6 x 6 blocks

Quilt Notes

- I picked my border fabric first, then the center string color, finally I pulled strings from my bins that matched the colors in my border
- I used a muslin foundation that was cut oversized and then trimmed after the strings were added
- Since these blocks had to have mirror image blocks I laid out two blocks at a time making sure that they were mirror images (see block A and block B below)
- This quilt goes quickly because you're adding length quickly due to the rectangular block

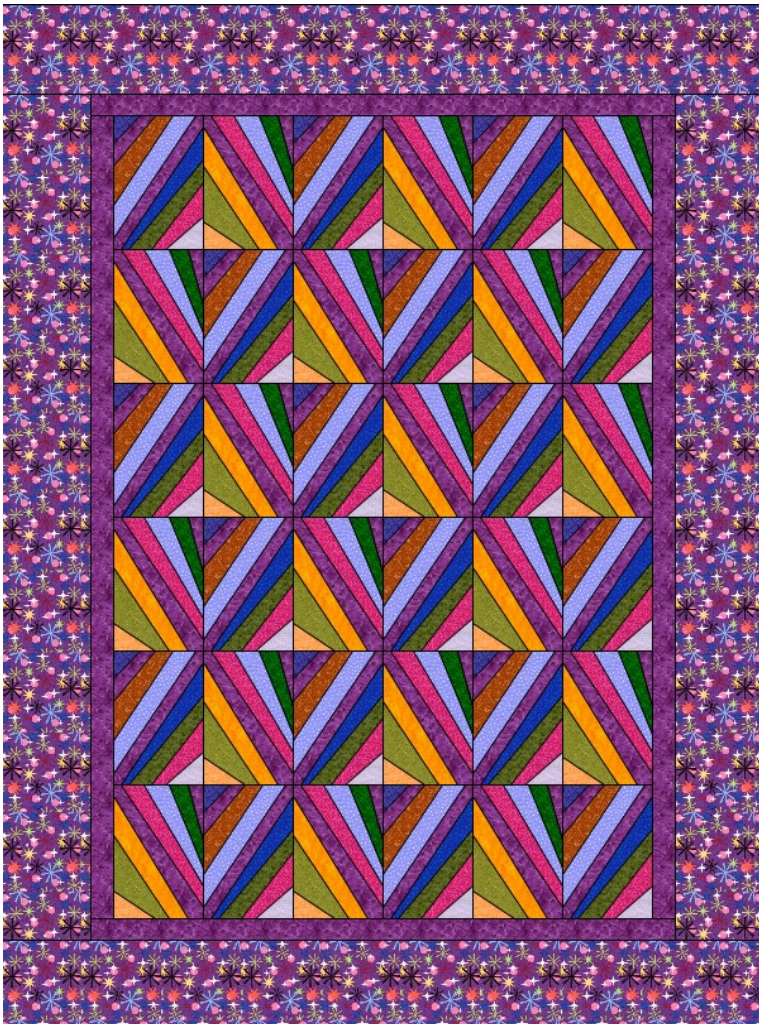

Cutting instructions

Muslin foundation is cut **7 x 10 inches**

Center purple string is cut **2 inches**

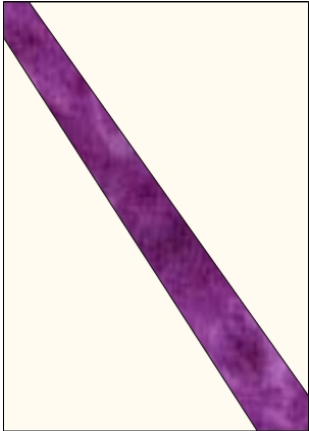

Inner purple border is cut **2 inches**

Outer print border is cut **6.5 inches**

Rectangle Strings

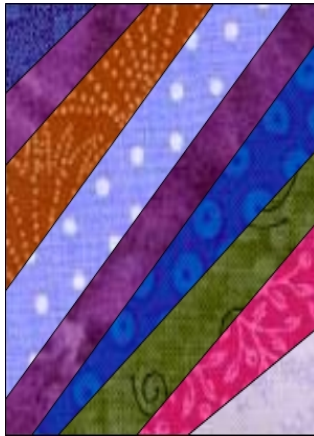

Block A - Make 18

Block B - Make 18

Continue adding strings to both blocks and **trim to 6.5 x 9.5 inches**

Lay out 6 blocks across and 6 blocks down as shown in the picture on page 1. Add borders.
